Retroactive
Eligibility for
Denied
Applications

The new MBSAC levels are to be used in determining applicant financial eligibility for those families that apply for CalWORKs on or after July 1, 2010.

Human Services Specialists (HSS) are instructed to review only previously denied applications which were denied solely for failing the applicant financial eligibility income test for July 2010 due to the higher MBSAC level (please refer to Attachment 1).

HSSs shall make any necessary retroactive and all prospective changes effective as soon as administratively possible to implement the increase in the MBSAC levels and retroactively approve those applications, if appropriate.

**Income In-
Kind (IIK)
Levels**

HSSs shall review the list of continuing cases, (please refer to Attachment 2), with IIK and update the values manually as appropriate:

- If the IIK amount on the case needs to reflect the new value, staff must run EDBC and authorize to update with the new IIK value.
- If the IIK amount does not need to be updated (client receives lower IIK value), staff need take no action.

The actions to increase the IIK value must be completed before Notice of Action (NOA) deadline in August 2010 for the budget month of September 2010 and ongoing.

Per Quarterly Reporting (QR) regulations, increased IIK levels are considered county-initiated. They may occur at any time during the Payment Quarter in which the change occurred.

Note: The increase in IIK levels will be effective for new applicants July 1, 2010.
