

Medi-Cal Program Guide Letter #604

February 23, 2007

Subject **NEW INCOME LIMITS FOR THE FEDERAL POVERTY LEVEL (FPL) PROGRAMS, AGED AND DISABLED FEDERAL POVERTY LEVEL PROGRAM (A&D FPL) FOR COUPLES AND 2007 TUBERCULOSIS INCOME STANDARD AND RELATED ISSUES.**

Effective Date January 1st, 2007

Reference ACWDL 06-39, 06-40, 07-04 and MPG Special Notice (SN) 06-16

Purpose The purpose of this letter is to inform of the following changes:

- An increase to the FPLs and Sneede V. Kizer prorated income levels for Section 1931(b)
- An increase in the A&D FPL Income Limit for a couple
- A change in the income disregard for A&D FPL
- An increase in the 2007 Tuberculosis (TB) Income Standard for individuals

Background The payment rate for Social Security's Supplemental Security Income (SSI) program increased as of January 1, 2007. The A&D FPL program limits cannot be less than the SSI/State Supplemental Plan (SSP) payment levels. The currently effective 2006 A& D FPL income limit for individuals will remain the same through January 1, 2007. The SSI/SSP couple level is above the A&D FPL income limit, therefore, the A&D FPL program income limit for couples must be changed to match the SSI/SSP couple income level.

Every year the Social Security Administration (SSA) Title II Cost of Living Adjustment (COLA) for all FPL based programs is disregarded until the FPLs are in effect annually on April 1.
